## ABOUT US

Master Chef Appliances is a professionally managed company based in New Delhi, INDIA. We are manufacturers of Fine Quality Pressure Cooker, Non Stick Cookware, Hard Anodised, and Aluminium utensils. With World Class Manufacturing Technology, we are an ISO 9001 : 2008 certified company with successful trademarked brands certified by the Indian Standard Bureau (ISI)

- Smiley
- Master Chef
- Saras
- Mehak

We are committed towards producing and delivering best product, at reasonable price by incurring small improvements and innovations through our constant efforts in Research & Development of the existing and new products. At present, we have a wide range of Aluminium Cookwares, Pressure Cookers, Hard Anodised and Non Stick Utensils in different sizes, models and colors. We manufacture Inner lid & Outer lid pressure cookers capacity ranging from 1.5 Litres to 15 Litres.

With a state-of-the-art manufacturing facility, we are dedicated to manufacturing high standards products with supreme quality and performance. By combining the updated engineering technology with a smart sense of aestheticism, we produce an expanding range of products that are world-wide known for their durability, efficiency and quality.

## INFRASTRUCTURE

Our plant is equipped with modern infrastructures and managed by professionals with experience of over 30 years, which ensures strict compliance of quality and production schedules. We are in a capacity to manufacture 80,000 to 100,000 pieces of excellent quality product per month.

We have a fully equipped tool room and a highly qualified technical team. All tools and dies are designed and developed in-house. The press shop has all the presses and machines for any kind of operation in sheet metal namely - Drawing, Cutting, Bending, Shearing, Grinding, Welding, Polishing etc.

We also have an in-house rolling mill for best quality circle and timely delivery.
